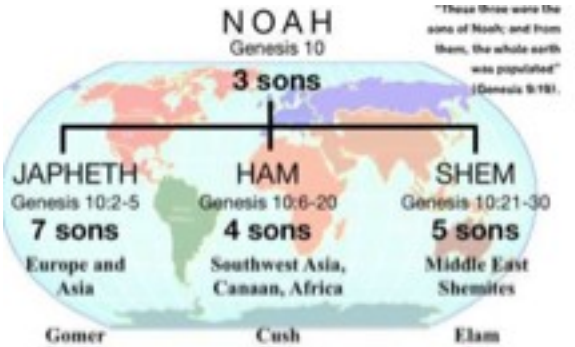
OLD TESTMENT NEW WORLD ORDER BLOODLINE LINEAGES



THE BIBLE AND HISTORY HAS HUSHED UP JAPHETH'S GOG MAGOG BLOODLINE DESCENDENTS, WHY

I am so angry about being deceived by the Jewish and Roman Orthodox Catholic and Christian Churches (JROCCC). I made a promise after I left Bible College that I would one day EXPOSE THESE LIES.

Let's start with the beginning of the Bible stories. The first thing we have to start with is the Noah Story. We have been taught by the JROCCC that Noah was the only man or family that survived the flood yet in REAL LIFE the Noah Story is not the only flood story. It is the story of a Jewish or Hebrew man who had a family that survived the Younger Dryas, Pole Shift, Ice Age, flood period 12.500- 9000 years ago. Many other races also survived the floods that came down from higher elevations such as the Caucasus Mountains the white race is associated with. Christians want you to believe that we are all the descendent of Noah, which is PROPOSTEROUS. The Persian Gulf Adam and Eve were also promoted as the mother and father of mankind, which is also PROPOSTEROUS.

The Jewish and Roman Orthodox Catholic and Christian Churches (JROCCC) have taught us to believe these lies and that mankind is only 6000 years old. We know today that human beings have existed on earth for thousands if not millions of years.

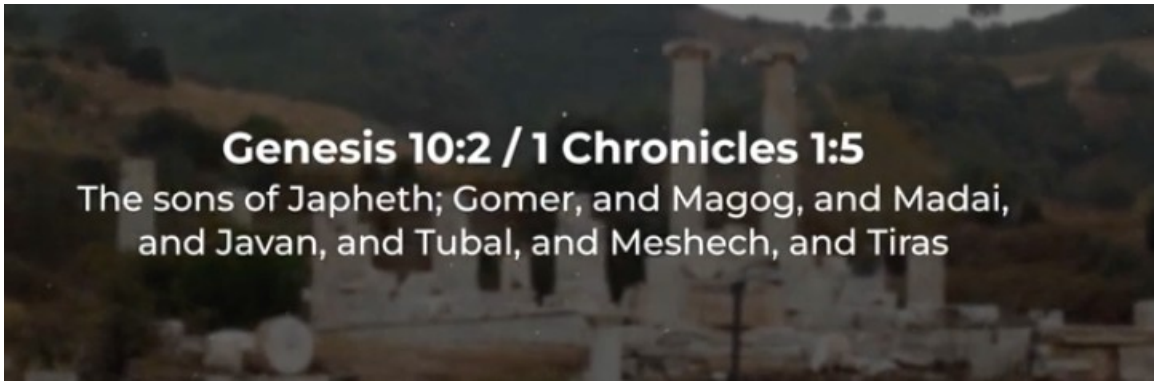
Were the writers of these Bible stories on drugs when they wrote these stories, or are these stories part of an ongoing alien human hybrid agenda, in the Bible, that is reaching its climax today?

Lets go back to the beginning and discuss the bloodlines of Japheth.

After the last Pole Shift Catastrophic events 12.500 - 9000 years ago, there were various bloodlines that survived all over the world.. So why is Japheth's bloodline such a BIG DEAL? Why has it been HUSHED UP.

IT LOOKS LIKE THE ELITE OF THE SONS OF NOAH BECAME THE ASHKENAZI ZIONIST NWO DEEP STATE MOVEMENT.

It looks like Noah may have had another son named YAM according to ancient Jewish documents that was associated with Babylon. It looks like Japheth's and his brothers were also associated with Babylonian, Communist Ideologies. I am not speaking of the general WHITE migrations known as the Indo Europeans or Anglo Saxons I am speaking of their leaders.



They began as an Animal-sacrificing cult that came from Ashkenaz Israel and Turkey.

The Japheth bloodline in the Bible represents the WHITE GENTILE RACE. who migrated into Europe from the Middle East, Turkey and Khazaria Russia. The Leaders of **Khazarian bloodline that migrated into Germany STARTED THE NAZI PARTY** and the ASHKENAZI ZIONIST NWO DEEP STATE MOVEMENT WHO INTEND TO INSTALL COMMUNISM - NAZISM - BABYLONISM GLOBALLY. THEY ARE THE ENEMIES OF MANKIND.

It looks like the Origin of the Nazi party after Babylon was centered in Turkey where Japheth's and his sons came from.

Migration into Europe from the Middle East and Turkey.

The War of Gog and Magog: Ezekiel 38-39

Today they represent the tribes or nations that will engage in the Gog Magog War aka WW111 and the later Battle of Armageddon.

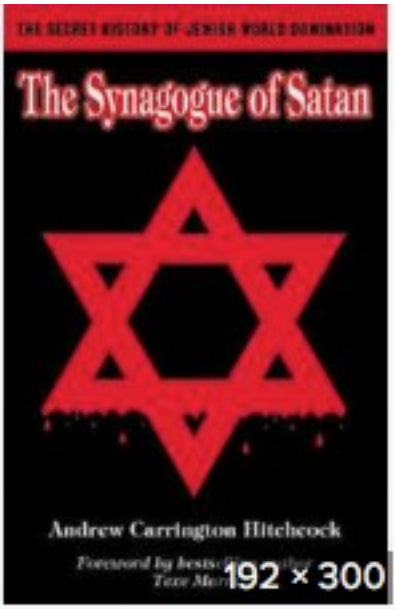
.

The Table of Nations shows us where Gomer, Meshech and Magog first migrated to. Japheth's sons surrounded the Black Sea entered the Ukraine in Southern Russia while Javan first migrated to southern Europe as Tubal remained in Turkey. They surrounded the Black Sea that just happens to be the location where the asteroid Apophis might strike on Friday, April 13, 2029 if it hits the earth this time. **Coincidence, I don't think so?**

Who-da-thunk-it!

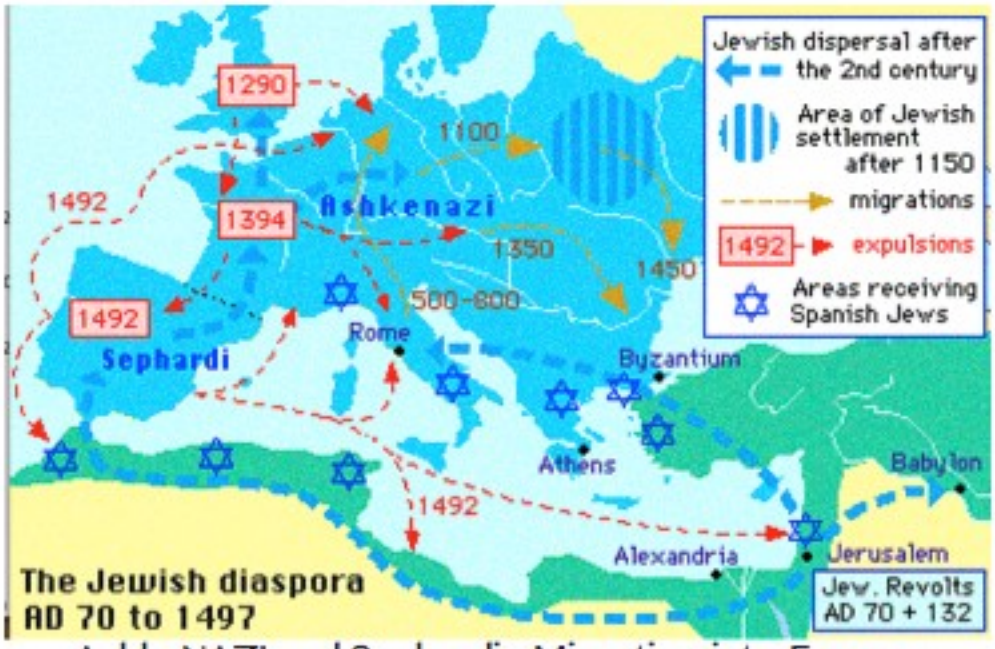
I am king Bulan, the king of Khazaria, a land locked between the Black Sea and the Caspian Sea, today occupied by Georgia, but also reaches into Russia, Poland, Lithuania, Hungary, and Romania. In 740 A.D, my Khazarian people felt vulnerable as we had Muslims on one side and Christians on the other side, and thus constantly feared attack from either side. My people were pagan which made us ripe for invasion by those who wished to convert us. If we convert to Islam, we would risk attack by the Christians and if we convert to Christianity we would risk attack by the Muslims. I came up with a genius idea; we all converted to Judaism because Jews had good relations with both Christians and Muslims, predominantly in matters of trade. Our race represents today 98% of all the Jews on the planet; we have no blood connection whatsoever to the Holy land, many of us speak the Khazarian language of Yiddish, totally different to the language of Hebrew.
The origins of Jewish people
Is Georgia near the Black Sea

King Bulan was a WHITE MAN whose tribe converted to Judaism for political purposes. Russian leadership told them to convert to one of the three religions (Islam, Judaism or Christianity, due to their evil ways or YOUR OUT OF HERE.



Along the way, the tribe became known as FAKE JEWS from the SYNAGOGUE OF SATAN, that only pretended to be Jewish to save there hides essentially.

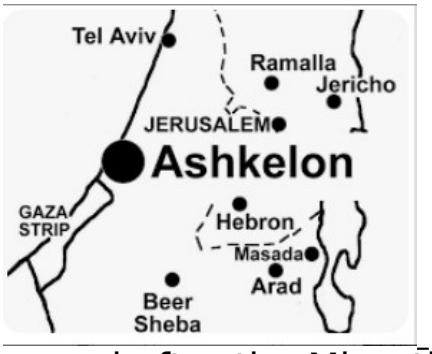
> (ASH-keh-NAH-zee jooz) **One of two major ancestral groups of Jewish people whose ancestors lived in France and Central and Eastern Europe, including Germany, Poland, and Russia**. The other group is called Sephardic Jews and includes those whose ancestors lived in Spain, Portugal, North Africa, and the Middle East.



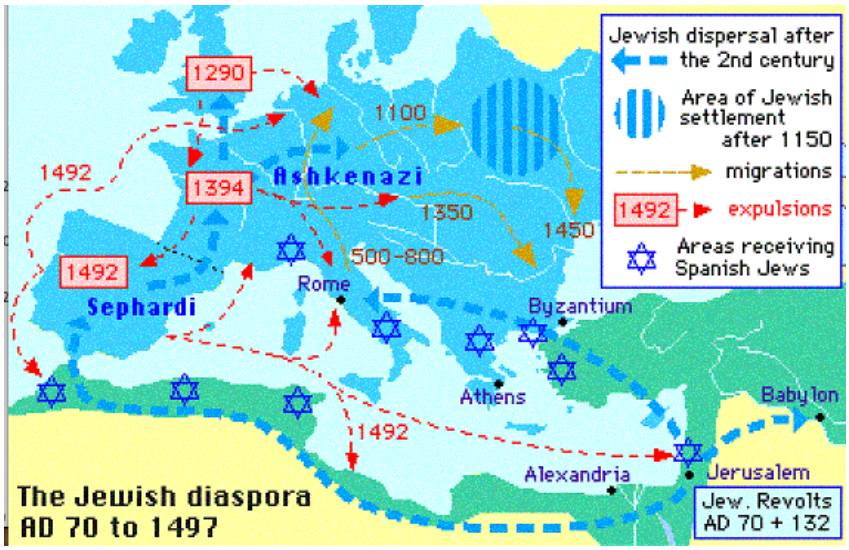
AshkeNAZI and Sephardic Migration into Europe

Merovingian Blue Blood Migration into Europe

<u>The Ashkena</u>zi Zionist movement is associated with Japheth sons. It became a political movement that is associated with the is the sons of Japheth. It appears to have been an Elite WHITE TRIBE originally who chose to call themselves Jews for political reasons around 740 AD. in Khazaria aka southern Russia before they migrated into Germany and eastern Europe.



Before and after the Migrations



Gomers bloodline according to the genetic historical and archeological studies tell us that the Ashkenazi Jews are associated with the Sephardic Jews in Ashkelon Israel where the Jewish Pharisees came from who apparently taught Japheth's sons how to pretend to be Jewish. The Ashkelon tribes migrated out of Israel into Northern Africa Italy and southern Europe. Jerusalem was obviously an Ashkenazi Jews location in Biblical stories **during the early stages of their formation. This also tells us that the Jewish Pharisees were NAZI'S. JESUS REFERRED TO THEM AS THE "SONS OF SATAN."**

Genetic studies suggest that Ashkenazi Jewry was formed through a mix breeding of WHITE SCANDINAVIAN OR ARYAN populations from Northern Israel and Turkey. Today the Ashkenazi Jewry appear to carry 80-85% Aryan DNA and 15-20% Middle Eastern DNA.

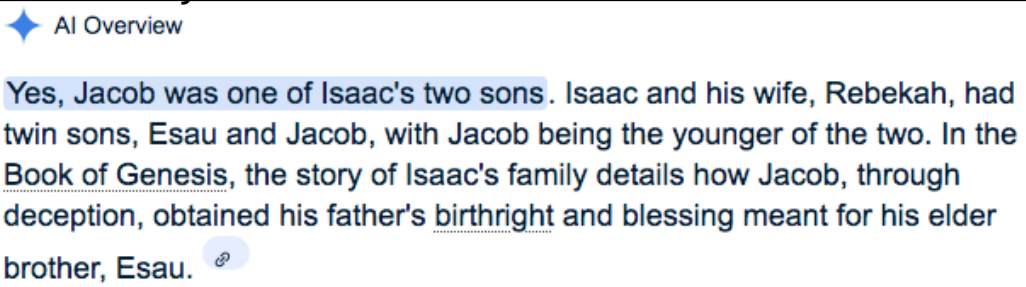
It looks like the intermixing in Israel began after the Scandinavian Populations in Northern Israel in Galilee were taken into captivity to Mesopotamia around 721 BC. They were known as the 10 LOST TRIBES OF ISRAEL. Those tribe in Judah were also taken into captivity 200 years later. Not all of those tribes left Israel and it looks like the remaining Scandinavian tribes moved into Judah for safety and security around the same time the Canaanite Jews migrated into southern Israel aka Judah. The theory tells us that sometime after this dispersion of people the Jews bred with the remaining Scandinavian tribes is Judah who were known as the Apiru.

The Canaanites were known as the Shoshu in Egyptian records.

APIRU + SHOSHU = HEBREW

WE SO CALLED CHRISTIANS HAVE ALL BEEN DECEIVED ABOUT THE TRIBES IN THE BIBLE

Notice also that Jacobs bloodline in the Bible started with deception



AI Overview
Yes, Jacob was one of Isaac's two sons. Isaac and his wife, Rebekah, had twin sons, Esau and Jacob, with Jacob being the younger of the two. In the Book of Genesis, the story of Isaac's family details how Jacob, through deception, obtained his father's birthright and blessing meant for his elder brother, Esau.

Jacob stole the birth right of the nations from Esau as well. These Old Testament tribal leaders engaged in atrocities against mankind as they followed the dictates of their alien gods.

This inbreeding may have happened around the 1st or 2nd centuries BCE, possibly beginning with male Jewish migrants from Judea inbreeding with the northern Scandinavian Apiru, Naphtali, Gentiles that had migrated into southern Israel. **THIS INBREEDING IS CONSIDERED A MINOR OR LARGELY IGNORED HYPOTHESIS IN MODERN GENETIC RESEARCH. LET'S JUST SAY IT WAS HUSHED UP.**

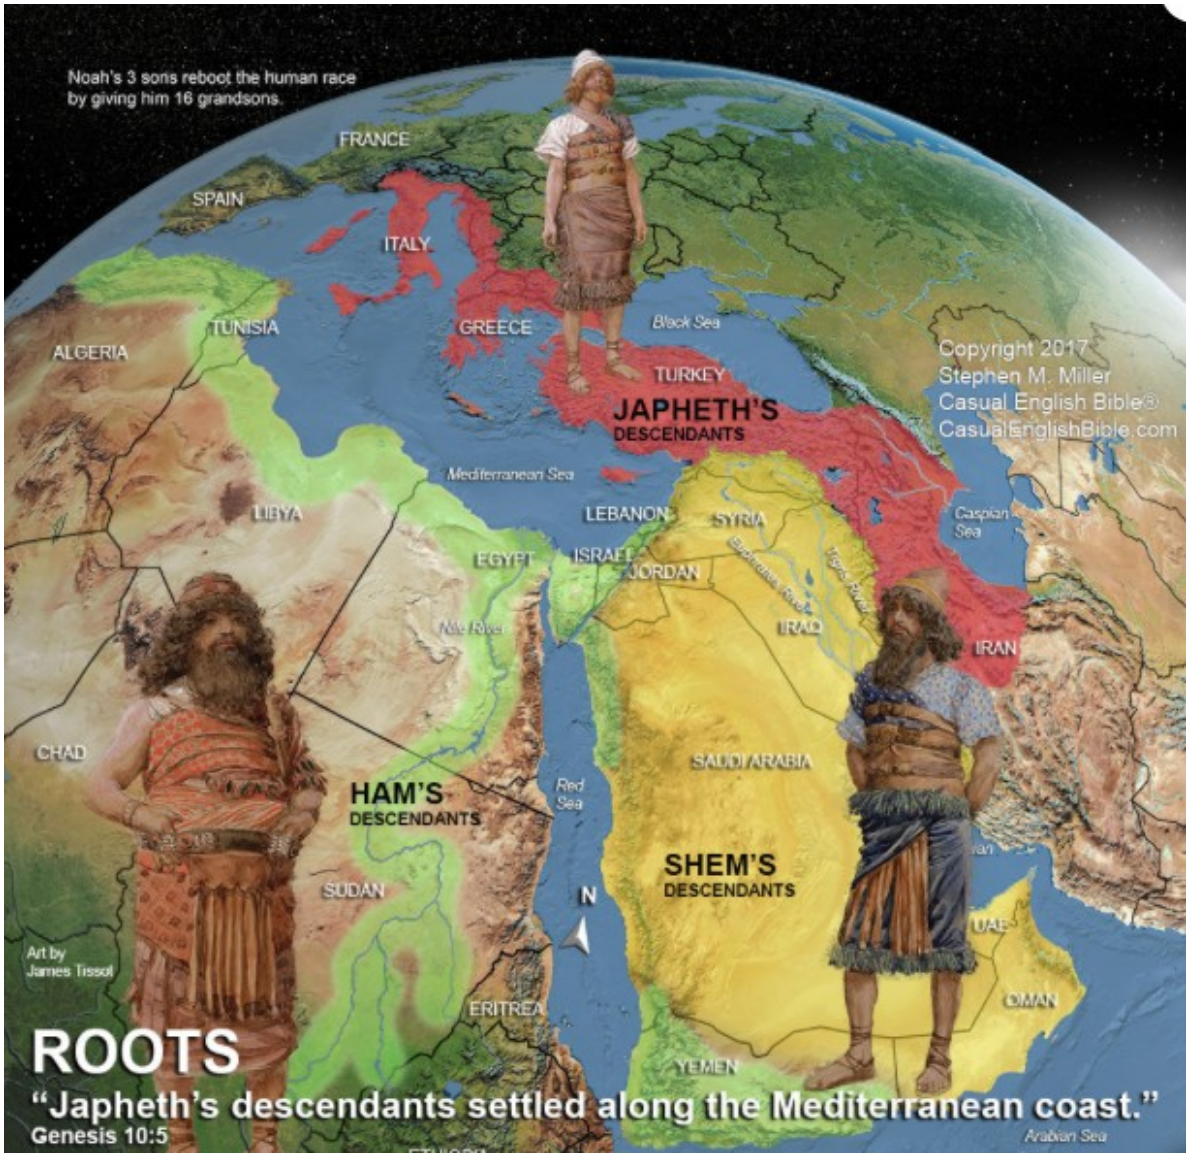
Sons and daughters of Japheth from the Indo European migrations

WHO DID THEY BREED WITH CONTROVERSARY

- Some say that these Ashkenazi Jewry also bred with Slavic populations in Europep after **100 CE**, with roughly 10% of their European ancestry estimated to come from Eastern European sources.
-
- The formation of Ashkenazi communities and their Yiddish language is generally traced back to the Rhineland in Germany.
-
  Some say that groups such as the Sephardic and Ashkenaz originate from the Jewish tribes in southern Judah. On the other hand genetic studies on the original Jews have found no substantive evidence of that the inbreeding happened in Ashkenaz Israel. This tells us that the inbreeding happened in Khazaria after the Jewish Pharisees were brought to Khazaria more recently in time just as the Khazarian legends indicate.

Some people say Ashkanazi Jewish Elite aren't real Jews that they don't descend from ancient Israel but have Babylonian origins which coincides with Noah son Yam. Bible legends tell us that they slept in Shem tents which among other things tells us they carry Semite DNA.

The term "Ashkenazi" derives from the biblical figure Ashkenaz, who was the son of Gomer, son of Japheth, son of Noah (Genesis 10:3). Japheth is considered the ancestor of European peoples. The Khazarians are also associated with the Pharisees who came from Ashkelon Israel.



IS IT A COINCIDENCE THAT JACOB AND THE ASHKENAZI ORIGINATE FROM THE SAME LOCATION

Here is the breakdown of the relationship between Ashkenazi Zionism and Japheth migrations. The Ashkenazi came from Anatolia and the Agean sea as did Japheth and his sons.

- Japhethite Territory began to spread. It was part of the Table of Nations in the Bible.

- In the biblical Table of Nations, Japheth's descendants are considered to be north of Judea in Turkey and around Turkey, the Black Sea, the Caspian Sea as well as the Mediterranean sea on the maps above.
-

- Medieval Jews began using the term "Ashkenaz" to indicate that they were the descendants of Japheth who came from the North, which was in Southern Russia aka Khazaria.

- Khasaria and Ashkenaz was the name that came to represent Germany, by the Jews who settled in Germany. They claim they migrated with Japheth tribes into Germany. The term "Ashkenazi" in the context of Zionism refers to a cultural/geographic identity of European Jews—who are historically, linguistically, and in some traditions, religiously associated with the Japhethite migrations.
- Genetic and Historical Reality

- **Levantine Origin:** While the *name* is Japhethite/Northern, scientific and historical consensus indicates that Ashkenazi Jews are primarily descendants of Levantine/Middle Eastern Sephardic Jews who migrated to Europe from Israel, they were not the original Japhethite tribes themselves that migrated into Germany and Eastern Europe. They seem to the Pharisee line the Khazarians brought in to teach these early Zionists how to pretend to be Jews in Khazaria.
- Wikipedia

- **Admixture:** Ashkenazi Jews share significant genetic linkage with Middle Eastern populations, along with Southern European, and to a lesser extent, Eastern European and Slavic ancestry.
-

Wikipedia

-
- **European Zionism:** The vast majority of early Zionists and leaders in the late 19th/early 20th century were Ashkenazi Jews. They were largely responsible for driving the Zionist movement. Their goal was to move to Israel in 1948 under the Balfour Accord.
-

YouTube

The Zionist movement into Israel in 1948 was a migration in reverse of the historic white gentile movement that came out of the Middle East, Turkey and Northern Israel etc. They are European Ashkenazi Khazarian bloodlines that came out of the Japhetic regions in Turkey who have moved to Israel claiming to be the ORIGINAL JEWS, which **they are not**. This decision to move to Israel started because of the anti-Semitic persecutions of the Jews in Europe late 19th and early 20th centuries.

<u>BACK TO THE ALIEN GODS OF THE BIBLE THAT RULED OVER MOST OF THE TRIBES IN THE MIDDLE EAST</u>

It appears that Japheth's bloodline was associated with ancient Mesopotamian cults. Mesopotamians were blood sacrificing cults that worshipped the Mesopotamian alien gods known as the Anunnaki Falllen Elohim Watches in the Old Testament and their giant hybrid sons who known as the Nephilim. This included the worship of Enlil and Enki.

This giants were covertly being represented by the size of the Nero's Colossus Statue in Rome. The symbolism tells us that Nero was also alien human hybrid that was a descendent of the bloodline of giants.

The goal of these alien gods was to rule the world by creating bloodline Elites that they could mind game, manage and control to be their BOOTS ON THE GROUND. Noah's family bloodlines were part of the BOOTS ON THE GROUND movements who were also known as Aryans.

It looks like a group of Japheths bloodline members like is brother Yam were in bed with the blood sacrificing Semites Pharisees that go back to Babylon in Mesopotamia. Japheth's bloodline migrations were a gentile movement known as the Indo Europeans and Anglo Saxons. Most of the people in the Indo European migrations were NOT PART OF THE PLOT TO RULE THE WORLD. No one talks about Japheth’s bloodline except to say they were part of the Anglo Saxon or Indo European migrations into the world. The unknown writers of the Old Testament were also not promoting those gentile migrations because the scribes who wrote the stories were Jews.

The legends of Noah's sons include the fact that Japheth's name was a symbolic to his descendents who would EXPAND AND RULE THE WHOLE WORLD. The story of Yam the 4th son of Noah was left out of the Old Testament texts.

What we have in the Old and New Testaments are stories of people groups that WORSHIPPED ALIENS. Read them and weep folks I have and it's time for you to do a little digging yourself. This is why Jesus spoke against them and their gods.

Japheth, a son of Noah, is traditionally considered the ancestor of the Indo-European peoples, often identified as the "father of the Europeans" and Indo-Aryans. His descendants, listed in Genesis 10, populated the islands and coastal regions of the Mediterranean (Europe and Anatolia), including the Greeks, Romans, Scythians, Armenians, and Medes. Biblical Training Org +2

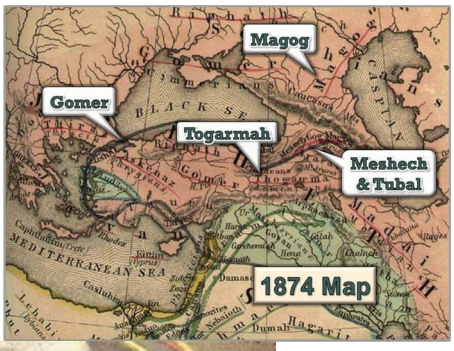
Japheth, a son of Noah in the Book of Genesis, is traditionally regarded as the ancestor of Indo-European (Caucasian) peoples, often termed "Japhetites". His descendants are historically linked to the settling of Europe, Asia Minor, and the Eurasian steppes. The term is an obsolete racial classification used historically to represent European peoples. Wikipedia +3

I hate to say this but the “proof is in the pudding.” NOW WE KNOW WHERE THE DEEP STATE CAME FROM.

For the longest time I have been assuming that, the Israelites and Jews were plain ordinary bloodlines that migrated into the world but more and more I am discovering that they are EVIL BLOODLINE LINEAGES being featured in the Old and New Testament. They were bloodline lineages that began in the Persian Gulf, with the Adam and Eve Story. They are linked to the history of the ASHKENAZI ZIONIST SHEPHARDIC JEWS MEROVINGIANS NWO DEEP STATE MOVEMENT TODAY.

THE BIBLE LEGENDS TELL US THAT JAPHETH’S BLOODLINE SLEPT IN SHEMS MESOPOTAMIAN TENTS. (INBRED WITH THE PERSIANS ASSOCIATED WITH BABYLON IN MESOPOTAMIA). THEY WERE All BLOOD SACRIFICING CULTS who produced nations that would attempt to control the world. Japheth's bloodline would would be the nations that would

start the End of the Ages Gog and Magog wars as well as the Battle of Armageddon. Today the Gog Magog wars seem to have started.



In the Bible, Gomer is mentioned alongside Gog in Ezekiel 38:6 as an ally, but they are not the same entity. Gomer is described as a son of Japheth and a leader of a group, while Gog is identified as the chief prince of the land of Magog. Gomer is portrayed as a northern ally in the end-time alliance against Israel.

These ancient nations are clearly European nations today that include the Ukraine which sits in southern Russia. As a matter of fact the Ukaine is directly north in prophecy where the nations come from who will be involved in these End Time wars.

Gog includes NATO AND EU nations today while Gomer seems to represent the leadership agenda of NATO and the EU nations. Japheth's bloodline migrated through the Ukraine on it's way to Germany and eastern Europe where the End Time Gog Magog warring nations are coming from according to prophecy.

Scientists reveal Jewish history's forgotten Turkish roots
According to PBS, all Ashkenazi have a dna score between
96% to 98.5%
Ashkenazi dna

ASHKENAZI ZIONIST AND SHEPHARDIC JEWS ARGUING TODAY

1. Biblical and Regional Identification

- **Japhethite Territory:** In the biblical Table of Nations, Japheth's descendants are associated with the Anatolian and Aegean regions, considered to be north of Judea. Reddit +1
- **Defining "North":** Medieval Jews began using the term "Ashkenaz" (a descendant of Japheth) to represent Germany, where many Jews settled, often aligning with the idea of migrating to Japhetic northern territories. Reddit +1
- **The Identification:** Therefore, the term "Ashkenazi" in the context of Zionism refers to a cultural/geographic identity—European Jews—who are historically, linguistically, and in some traditions, religiously connected to the area of the Japhethite migrations.

2. Genetic and Historical Reality

- **Levantine Origin:** While the *name* is Japhethite/Northern, scientific and historical consensus indicates that Ashkenazi Jews are primarily descendants of Levantine/Middle Eastern Jews who migrated to Europe, not the original Japhethite tribes themselves. Wikipedia +1
- **Admixture:** Ashkenazi Jews share significant genetic linkage with Middle Eastern populations, along with Southern European, and to a lesser extent, Eastern European and Slavic ancestry. Wikipedia +4

3. Connection to Zionism

- **European Zionism:** The vast majority of early Zionists and leaders in the late 19th/early 20th century were Ashkenazi Jews from Europe. They were largely responsible for driving the Zionist movement to establish a state for the Jewish people (returning to the Levant). YouTube +4
- **Migration Pattern:** The Zionist movement was a migration in reverse of the historic movement out of the Middle East, with many European (Ashkenazi/Japhetic-area) Jews moving back to Israel, particularly after the anti-Semitic persecutions of the late 19th and early 20th centuries. YouTube +2

The relationship between Ashkenazi Jews (a major group in the Zionist movement) and the "Japheth migrations" is primarily a **biblical, linguistic, and geographical concept**, rather than one of direct genetic descent from a Japhetic ancestor.

The term "Ashkenazi" derives from the biblical figure Ashkenaz, who was the son of Gomer, son of Japheth, son of Noah (Genesis 10:3). In traditional biblical interpretations, Japheth is considered the ancestor of European peoples, making the Ashkenaz/Japheth connection a way to identify Jewish settlers in Europe as people from the "North". Wikipedia +3

Here is the breakdown of the relationship between Ashkenazi Zionism and Japheth
